

Mindful Education Insights – business administration

We're pleased to offer our Insights sessions for the 2025-26 academic year. Mindful Education Insights are a series of guest speaker sessions and webinars for tutors, which are available year-round. Sessions will be delivered by a member of the Mindful Education team as part of our support for delivery teams at appropriate times for you and your learners.

Guest speaker sessions

Sessions	Audience	Format	Aims of the sessions
Using the VLE: how to make the most out of blended learning	Learners: Cohorts who are studying in a flipped / blended format for the first time, or cohorts who have a low induction uptake / engagement	In person / online	<ul style="list-style-type: none"> • Help learners fully grasp how the VLE can support their learning experience • Demonstrate the tangible benefits of flexible learning • Encourage learners to study in the blended / flipped learning format • Boost engagement and foster effective independent study habits
Improving business performance and supporting projects	Learners: Level 3 cohorts who are studying unit 304 and/or unit 306	In person, alongside the college tutor	<ul style="list-style-type: none"> • Provide tutors with practical support for the project activity exercises with learners

Insights for tutors

Sessions	Audience	Format	Aims of the sessions
Advanced analytics	Tutors: Level 3 cohorts where tutors have at least one year of delivery experience with Mindful Education	In person / online	<ul style="list-style-type: none"> • Provide best practice in blended learning delivery, using all features within the Mindful Education learner analytics on the VLE • Improve learner engagement and outcomes, through the alignment of learner analytics with the on campus or virtual classroom lesson plans
Preparing for EPA: Supporting apprentices	Tutors: Level 3 cohorts that include apprentices	In person / online	<ul style="list-style-type: none"> • Recap the end point assessment (EPA) requirements for apprentices, including the EPA unit support available on the VLEs • Provide first-hand experience and insights into EPA preparation work for apprentices

Ideas for additional sessions

If you have suggestions or ideas on how we can further support you and your learners, then please reach out to a member of our curriculum and quality support team. We would be happy to arrange bespoke Guest speaker sessions on specific topics.
