

Mindful Education Insights – management (CMI and ILM)

We're pleased to offer our Insights sessions for the 2025-26 academic year. Mindful Education Insights are a series of guest speaker sessions and webinars for tutors, which are available year-round. Sessions will be delivered by a member of the Mindful Education team as part of our support for delivery teams at appropriate times for you and your learners.

Guest speaker sessions

Sessions	Audience	Format	Aims of the sessions
Using the VLE: how to make the most out of blended learning	Learners: Cohorts across all levels who are studying in a flipped / blended format for the first time, or cohorts who have a low induction uptake / engagement	In person / online	<ul style="list-style-type: none"> • Help learners fully grasp how the VLE can support their learning experience • Demonstrate the tangible benefits of flexible learning • Encourage learners to study in the blended / flipped learning format • Boost engagement and foster effective independent study habits
